

# Purse Pattern

	Bottom			Trim these corners

\* This is not to scale.

1. Cut cardstock or Designer Series paper 4 ½ by 1 3/8 inches.
2. Score at 1 ¼, 2 ¼, 3 ½, and 3 ¾.
3. Trim the corners at the end with the smaller score mark to create front flap using large tag punch or scissors.
4. Add sticky strip or other strong adhesive to the ¼ inch wide piece. Cut a piece of ribbon (¼ inch wide, like our narrow grosgrain ribbon) 4 inches long and adhere ends to the center of the ¼ inch wide piece creating a purse handle.
5. Cut a piece of coordinating cardstock or Designer Series paper 7/8 inch by 1 3/8 inch. Trim the edges of one side and adhere to front flap.
6. Use a paper piercer to punch a hole for the brad in the front flap. Fold purse together and push brad through front flap and bottom piece to secure.
7. Run a stripe of adhesive to the bottom and add a Hershey's nugget or Nestle treasure.

Perfect for bridal showers, baby showers, and girl birthday parties! Have fun creating something girly!
